

**2017 Sino-French Workshop on Application of Iron
Chemistry for Environmental Remediation Technologies
(IRONREM 2017)**

Wuhan (China), 31st Oct- 2nd Nov 2017

Dear Colleagues,

We would like to invite you to participate in the 2017 Sino-French Workshop from Tuesday, 31st Oct 2017 to Thursday, 2nd Nov 2017, which will take place in Wuhan, China. The title/topic of the workshop is “Application of Iron Chemistry for Environmental Remediation Technologies”, which is in accord with that of NSFC-CNRS project 2017 (CNRS No. 270437 and NSFC No. 21711530144). The purpose of this workshop is to stimulate the communication between researchers from both sides and exchange opinions in the field of common interests. The workshop will provide a forum to share research results, and discuss problems and new developments of environmental photochemistry and advanced oxidation processes (AOPs).

Organizer and sponsors

Organizer:

Sino-French University Cooperation Consortium

The French Universities:

Université Clermont Auvergne

Ecole Nationale Supérieure de Chimie de Rennes

The Chinese Universities:

Dalian University of Technology

Fudan University

Wuhan University

Sponsors:

National Natural Science Foundation of China (NSFC)

Centre National de la Recherche Scientifique (CNRS), France

Venue

The workshop will be held in Wuhan University, 129 Luoyu Road, Hongshan District, Wuhan, China.

Preliminary Workshop Program

31st Oct 2017: Arrival

1st Nov 2017: Workshop Day 1

2nd Nov 2017: Workshop Day 2

Registration feedback

Participation to the workshop is free, but registration is mandatory. The number of workshop participants is limited. Please fill the registration form and return it to Mr. Chao Zhou < felix613@foxmail.com > by **20th Aug 2017**. The information includes:

Personal information: It is very important to provide accurate information about each participator, particularly for a participator who needs invitation letter for visa application.

Extended abstract: Please fill the information about the title and contributors of the extended abstract in the registration form. To ensure that the brochure can be printed out for the workshop, the extended abstract (no more than 2 sides of A4, 12 point font size single spaced) showing your research work should be send to Mr. Chao Zhou < felix613@foxmail.com > by **25th Sep 2017**.

Oral presentation: Please fill the information about your oral presentation in the registration form, if you want to give a talk in the workshop. We suggest that each speaker send a short CV to Mr. Chao Zhou < felix613@foxmail.com > by **25th Sep 2017**.

Hotel reservation: The accommodation will be arranged in the hotel very close to Wuhan University. Please fill in the hotel reservation section of registration form so that we can arrange your accommodation.

Important Dates

10th May 2017: Release of First Announcement (this document)

20th Aug 2017: Deadline for registration feedback

5th Sep 2017: Formal invitation letter for visa to be sent

25th Sep 2017: Deadline for submission of extended abstracts and speakers' CVs

31st Oct- 2nd Nov 2017: Workshop commencement

Organizing Committee

Pr. Marcello BRIGANTE (ICCF, Clermont Auvergne University)

Dr. Gilles MAILHOT (ICCF, Clermont Auvergne University)

Pr. Khalil HANNA (ENSCR, Rennes)

Pr. Jingwen CHEN (Dalian University of Technology)

Pr. Wenbo DONG (Fudan University)

Pr. Weihua SONG (Fudan University)

Pr. Feng WU (Wuhan University)

Pr. Hui ZHANG (Wuhan University)

Pr. Jinjun LI (Wuhan University)
